"The children are now working as if I did not exist."

Interest Fair

Every year the Oldest Lower Elementary students and the Upper Elementary participate in a large research project called Interest Fair. They learn all of the steps of topic selection, research, note-taking, organizing, synthesis, report writing, visual aids, and oral presentation.

This year's topics include: The Justice System, Stars, From Fertilization to Birth, Volcanos, The Solar System, Anxiety, Musical Instruments, The ISS, Sharks, Isaac Newton, D-Day, and Knights.

This year's Interest Fair will be presented virtually through the Zoom link below. All interested friends and family are welcome to attend. Log on by 4:10 for the 4:15 start time. We may not be able to admit people as we go. Please rename your device to your child's last name or some identifier so that we know who we are admitting (and pass this note on to any family members who would attend). For example, you can name your device "Alex's Grandpa."
